

2019 BMI TUITION SUPPORT PROGRAM

This initiative provides funding for a *limited* number of grants per year, limited to one grant per individual, per calendar year on a first come, first served basis. This grant covers the tuition cost up to \$2,000. It does not cover travel, lodging or expenses.

To enhance career objectives in the club industry, individuals who are current dues paying Professional members of MCMA and CMAA are eligible to apply for this tuition support program. Any one of CMAA's Business Management Institute (BMI) courses or electives are valid for reimbursement, as well as the Certification Review Course. In order to qualify for tuition support the class must be taken and successfully completed in the application year.

APPLICATION FILING

After successful completion of a course please scan and email as one attachment a completed copy of this application along with a copy of proof of successful completion of a BMI course provided by CMAA. Support checks will *only* be made to the Club sponsoring the BMI and not the individual. Only one type of scholarship (Eric Caspers Food & Wine Scholarship, Freddie Goldman Scholarship for Assistant Managers or BMI Tuition Support Program) may be used per BMI. *All applications must be submitted electronically to info@metcf.org by December 31, 2019 for consideration.*

APPLICANT INFORMATION
